APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the manner and place of use of the water of Main Whiskey Springs and tributaries as heretofore granted under Permit No. 10064, is issued subject to the terms and conditions imposed in said Permit No. 17302 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The quantity of water to be changed shall be limited to the amount which can be applied to beneficial use and not to exceed 1.0 cubic foot per second, or a yearly duty of 4.0 acre-feet per acre of land irrigated.

Actual construction work shall begin on or before April 16, 1958.

Proof of commencement of work shall be filed before May 16, 1958.

Work must be prosecuted with reasonable diligence and be completed on or before April 16, 1959.

Proof of completion of work shall be filed before May 16, 1959.

Application of water to beneficial use shall be made on or before April 16, 1962. Proof of the application of water to beneficial use must be filed with State Engineer on or before May 16, 1962.
